### **Brief History and Philosophy**

This is the fifteenth year of the Cressotti Baseball School. Our major emphasis is to provide fundamentals to all our participants through lectures, discussions, and skill stations. Our school is based on the premise that baseball instruction is fun. You will properly learn and acquire baseball skills that will improve your game. We require all participants to bring their own equipment (glove and bat). We recommend that you bring a snack and a water bottle. The clinic is open for boys and girls. (baseball, softball, tee ball)
